Workshop & Presentation: Locator R-Tx & F-Tx

Get a taste of the next-generation attachments from Zest Dental Solutions!

Join ProScan & Zest Dental Solutions in a hands-on training of the Locator R-Tx and F-Tx, in which all the tips & tricks are discussed, as well as the indications for use. The Training is led by Dr. Med. Dent. Steveling (Univ. Würzburg).

- Morning session R-Tx with hands-on training
- Afternoon session F-Tx with hands-on training

You can follow the morning or the afternoon session, or both. Attendance is limited to 12 persons. Course material, drinks & sandwich lunch is provided.

Location to be announced. For more information and subscriptions: [info@proscan.be](mailto:info@proscan.be)

**Dr. med. Dent. G. Steveling (Univ. Würzburg)**

Prior to his studies for general dentistry, Dr. (Med. Dent) Steveling has completed an apprenticeship as dental technician in 1977, after which he started his studies. Dr. (med. Dent.) Steveling graduated in 1982 and continued at the department of Dental Prosthetics of the Würzburg University. From 1985 to 1992 and from 1992 to 2009 he was connected to the Department of Oral and Maxillofacial Surgery of the Würzburg University and the Heidelberg University.

Dr. (med. Dent.) Steveling started his private practice in 2010. He has been using multiple implant systems since 1987. As a dental professional, he has encountered all the aspects of dental implantology.
